

HP LaserJet Enterprise 700 M712

Print a stored job

Use the following procedure to print a job that is stored in the product memory.

1. On the product control panel, press the Home  button.
2. Highlight the **Retrieve from Device Memory** item, and then press the **OK** button.
3. Highlight the name of the folder where the job is stored, and then press the **OK** button.
4. Highlight the name of the job, and then press the **OK** button. If the job is private or encrypted, enter the PIN or password.
5. Adjust the number of copies, and then press the **OK** button to print the job.
