## Setting paper size and type for copying on special paper

 **NOTE:** The steps vary according to the type of control panel.

### FutureSmart 3

### FutureSmart 4

### FutureSmart 3

1. Place the document face-down on the scanner glass, or place it face-up in the document feeder and adjust the paper guides to fit the size of the document.
2. From the Home screen on the printer control panel, select the [Copy](#) button.
3. Select the [Paper Selection](#) button.
4. Select the tray that holds the paper that you want to use, and then select [OK](#).

### FutureSmart 4

1. Place the document face-down on the scanner glass, or place it face-up in the document feeder and adjust the paper guides to fit the size of the document.
2. From the Home screen on the printer control panel, select [Copy](#).

3. Select [Options](#) in the lower left corner, and then select [Paper Selection](#) in the Options list.
4. In the right pane, select settings for [Paper Size](#), [Paper Type](#), and [Paper Tray](#), and then select [Done](#).

5. To adjust the number of copies, touch the Copy Count field to the left of the Copy button. When the keypad displays, select the number of copies to make. Touch the Close  button to close the keypad.
6. Select Copy to begin copying.
