

LaserJet Enterprise

Select the paper size (Windows)

1. From the software program, select the **Print** option.
2. Select the printer, and then click the **Properties** or **Preferences** button.

 **NOTE:** The name of the button varies for different software programs.

3. Click the **Paper/Quality** tab.
4. Select paper size from the **Paper size** drop-down list, and then click **OK**.
5. In the **Print** dialog box, click the **OK** button to print the job.

To create and use a custom paper size, complete the following procedure:

1. From the software program, select the **Print** option.
2. Select the printer, and then click the **Properties** or **Preferences** button.

 **NOTE:** The name of the button varies for different software programs.

3. Click the **Paper/Quality** tab.
4. Click the **Custom** button.
5. Type a name for the custom size, and then click the **Save** button.
6. Specify the dimensions of the paper.
 - The width is the short edge of the paper.
 - The length is the long edge of the paper.
7. Click the **OK** button to close the **Document Properties** dialog.
8. Click the **Properties** or **Preferences** button to re-open the **Document Properties** dialog.
9. Select the custom paper size from the **Paper size** drop-down list, and then click **OK**.
10. In the **Print** dialog box, click the **OK** button to print the job.
